

Business Development Associate

We are hiring an emerging sales professional with 2+ years of successful business to business sales experience. This position is selling professional services to executives, managers and owners in small and large accounts across many verticals. The territory is national selling primarily over the phone.

You must have the following credentials for consideration. Candidates not meeting credentials will not be considered:

- Generating new leads from existing databases and other outside sources.
- Segmenting and prioritizing prospecting activity using CRM/database tools.
- Effectively prospecting in new and existing accounts selling new opportunities.
- Selling high value professional services across multiple verticals.
- Selling to executives, managers and owners in large and small businesses.
- Facilitating proposal development and delivery to customers.
- Maintaining relationships in accounts post sale. Growing these accounts.
- Selling effectively over the phone and face-to-face.

Qualifications include:

- Bachelor's degree or other higher education in related fields.
- Have 2+ years of successful B2B sales experience in services industries.
- Be a goal oriented, high achiever who leads the sales cycle from end to end.
- Superior written and spoken communication skills in English. Additional language skills are desirable.
- Exceptional organizational and analytical skills.

Results Expected

1. Develop and maintain a qualified opportunity pipeline to meet annual sales quota.
2. Carrying out research to identify prospective customers, leads, developing contacts and following up systematically to develop new client relationships via cold calling and internet research.
3. Conduct daily clients surveys as required to determine which clients might have needs for translation/interpretation services.
4. Achieve agreement with interested clients on participating in a discovery to determine needs and objectives
5. Work with the leadership team to develop competitive proposals that meet the customer needs for cost, timing and scope of services.
